NIVONA

A passion for coffee.

Dear Customer,

Congratulations and thank you very much for choosing a quality product by NIVONA.

To best enjoy your new NIVONA appliance, please read this manual carefully and pay attention to the safety tips before first use.

Please keep this manual safe. You can use it for reference and hand it over to a future owner should you ever wish to part with your NIVONA appliance.

Enjoy your coffee and the top-quality appliance by NIVONA.

1. Safety information (Please read carefully before assembling the container!)

- Make sure that the appliance is switched off and unplugged before assembly.
- Always pull the plug, not the power cable, when unplugging the appliance from the wall socket.
- Place the appliance on a flat and stable surface.
- This appliance may be used by **children** from the age of 8 as well as by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, as long as they are being supervised or have been given instructions for the safe use of the appliance, hence understanding the possible dangers. **Children** must not play with the appliance. Cleaning and **user maintenance** must not be undertaken by **children** without supervision, unless 8 or older and supervised. The appliance and its mains connections must be kept away from children under the age of 8.
- The manufacturer will not be liable for possible damage to the appliance caused by incorrect, improper use or unqualified repair works. In these cases warranty claims become void.

- If a repair is necessary (including replacement of the power cable), please first contact the central telephone support or the retailer where you bought the appliance – upon consultation and in accordance with item 9. of this manual send the appliance to **NIVONA Zentralkundendienst, Südwestpark 90, D-90449 Nürnberg**

2. Delivery contents (fig. 1)

→ Unpack the appliance and all items belonging to it with care.

The following are included in the package:

- User Manual
- Warranty card
- 1 bean container attachment
- 2 screws M4x12
- 2 lock rings
- 2 silicone protective caps

3. Getting started (fig. 2)

- Place the appliance on a flat and stable surface.
- Switch the appliance off and unplug.
- Open the lid of the bean container.

4. Preparing the bean container (fig. 3 and 4)

⚠ Attention: Please make sure that the bean container is empty of any foreign matters. They may damage the mill.

- Empty the bean container manually until the protective caps at the inner rim of the container are fully exposed (see also fig. 3).
- Remove the right and left protective middle cap carefully with a screw driver.

5. Pre-assembling the attachment (fig. 5, 6 and 7)

- Insert the two screws from above into the attachment's bore holes.
- Insert the two lock rings from below onto the two screws.

6. Assembling the attachment (fig. 8)

- Position the attachment with the rounding facing forward on top of the bean container.
- Fasten the two screws carefully. **Do not overturn!**
- Cover the screws with the two silicone caps.

Congratulations! Your NIVONA appliance now sports a bean container with a maximum capacity of 1.000 grams.

8. Customer service, guarantee, environmental protection

Customer service

NIVONA products are manufactured to the highest quality standards. Should any question arise with regards to your appliance, please do not hesitate to write to us. Only with your active support will we be able to improve our products and further develop them, so that they will fully satisfy your demands.

Guarantee and customer service terms and conditions

Please find detailed information about guarantee and customer service terms and conditions in the accompanying document.

Disposal of your old appliance and packaging

Please keep the original packaging. It will serve as protection should you need to ship the appliance in the event of a customer service issue.

Electrical and electronic appliances often contain valuable, but sometimes also environmentally damaging material and should therefore not be disposed of as normal household waste. They may damage human health and harm the environment when handled or left among residual waste. Therefore please drop your old or irreparably damaged appliance at your local community waste collection/recycling centre.

Further information is available from the dealer where you bought the appliance, your town hall or waste collector.
